MOTHER OF BABY JOHN REMOVED AS GUARDIAN

San Francisco, March 16.—Mrs. Isabella Martin, who is under arrest on charges of attempting to dynamite the residence of former Judge Ogden, in Oakland, and of conspiring to destroy other property with explosives, was today formally removed as guardian of "Baby John."

Judge Graham signed the order of removal and appointed Probate Officer H. A. Todd to act in that capacity.

Judge Graham's action recalls the attempt made by Mrs. Martin, whose home is in Marysville, Cal., to prove that "Baby John" is the son of Princess Chimay.

A few weeks ago the boy created a sensation by confessing that Mrs. Martin, who he had recently learned was not his mother, had compelled him to fire a certain building. Then followed other admissions, in which he told of conspiracies made by Mrs. Martin against prominent men, and the alleged attempt to dynamite Judge Ogden's home.

A FIGHTER WHO PUT ATTELL AWAY.

San Francisco, March 16.—Brooklyn Tommy Sullivan, the only fighter who ever put Abe Attell away for the count, is begging for another opportunity to put on the gloves with the clever featherweight champion. He brought with him \$1000, which he is willing to post as a forfeit to bind the match.

The only obstacle in the way of a fight between them might be the question of weight. Attell would undoubtedly insist on 122 pounds, while Sullivan can scrap best at 124. He was at this weight when he defeated Attell. Since then he fought Attell a draw at Alton, Ill., and his friends also claim that he was victor in that contest.

CLEVER THIEF ROBS A TACOMA THEATER.

Tacoma, March 16.—One of the most cleverly planned and executed robberies took place last night at the box office of the Star theater. Seizing himself behind an improvised door, he had cut through the wainscoting of the box office of the theater, timing the movements of Miss Emma Olsen, cashier, and her friend, Mrs. Edna Sullivan, who was assisting her, and using an atomizer filled with strong ammonia water as a weapon, the clever thief, about 9:30 o'clock last night, after blinding the two young women with the ammonia, crawled through the opening he had made, seized the day's receipts of the play house, amounting to \$400, and escaped without even "a thank you."

PORTLAND WILDCAT BANKERS MUST GO

Portland, Or., Mar. 16.—Presiding Judge Cleland in the circuit court Saturday overruled motions to quash in the three cases of J. Thorburn Ross, T. T. Burkhardt and John E. Alchison in which they are accused of misusing the funds of the Title Guarantee & Trust company.

No argument was made on the motions, as they involved the same points previously ruled upon by Judge Cleland in the cases to which demurrers were afterward sustained. Wallace McCamant, attorney for Ross, and Harrison Allen, representing the other defendants, gave notice of intention to file demurrers and McCamant had a lively clash with District Attorney Manning, in which Manning hotly charged that the attorneys for the defendants are frittering away time, and McCamant asserted that he intended to take advantage of all the protection for his clients that the law allows.

The clash came after the motions to quash had been overruled and McCamant has asked that the defendants be allowed until next Wednesday to plead or demur. He explained that between now and Wednesday he has important business in the county court here, in Kelama and Hillsboro.

BEER PROMOTES TEMPERANCE

Recognized as a Food Product, and So Dealt With by the Government

It is being recognized the world over that the drinking of beer promotes temperance and sobriety to a far greater extent than all the prohibition laws on the statute books.

All enlightened European nations are encouraging the manufacture and consumption of light beers containing about three and one-half per cent alcohol, and the result has been most gratifying to all sincere lovers of temperance.

The United States government has taken a positive stand in this direction, the war department holding that the re-establishing of the army canteen for the sale of beer being an absolute necessity in the interest of temperance and sobriety.

Beer is today recognized as a "Food Product," and is so dealt with by the government.

All the great insurance companies have contradicted the lies that have been given currency through prohibition sources that the drinking of beer was a bar to securing insurance, and have lately published to the world at large the statement that those drinking beer moderately (not more than two quarts during twenty-four hours) were the very best of risks. The latest British life insurance reports show that the ratio of death rate among abstainers is thirty per cent greater than among moderate drinkers.

Beer is pure and wholesome, and the day is not far distant when it will be as much a part of the daily subsistence of every family as are milk, bread and other food necessities.

The beer brewed by the Salem Brewery Association is in every sense the very best that modern enterprise can produce. It speaks for itself and is its own best advertisement.
